An act to add Section 12463.2 to the Government Code, relating to property tax revenues.

## LEGISLATIVE COUNSEL'S DIGEST

SB 1714, as introduced, Poochigian. Property tax revenues: losses: reports: Controller.

Existing law requires the Controller to annually compile and publish reports of the financial transactions of each county, city, and school district within this state, together with such other matter as he or she deems of public interest.

This bill would additionally require the Controller to annually report to the Legislature, with the cooperation of the State Resources Agency, the annual loss of property tax revenues in each county resulting from state land acquisition by notification, registration, dedication, outright donation, conservation easement, land trust, easement, or purchase. The bill also would require the Controller to report to the Legislature the annual loss of property tax revenues in each county resulting from the same state actions for fiscal years 1992–93 to 2002–03, inclusive.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

*The people of the State of California do enact as follows:*
